Once a Variable Rate Adjustable certificate is opened, the rate will only change upon your written request. The 12 month will allow for 1 change and the 24 or 36 month will allow for 2 changes. The APY is based on an assumption that dividends will remain on deposit until maturity.

Dividends are calculated by the average daily balance method. A penalty will be imposed if a withdrawal is done prior to the maturity date. The penalty could result in a deduction of principal.

All certificates are subject to the following dividend penalties.

- Terms of 91 days, 6 months, 9 months and 12 months are subject to a 30 day penalty of dividends.
- Terms of 18 months and 24 months are subject to a 90 penalty of dividends.
- Terms of 30 months, 36 months, 48 months and 60 months are subject to a 180 day penalty of dividends.

When opening a certificate certain restrictions apply, see Par Value of Share

- Ask about "Jumbo Certificates" for deposits of \$100,000.00 or more.
