How to Avoid Fees:

-  **Free Bill Pay!** Scheduling payments through our CU-Online service has never been easier... Just enter the payee's information and pick the date you want it to be paid! You can modify or cancel payments before they're sent out giving you control to help avoid fees like stop payment, courtesy pay, overdraft, and return item.
-  **Keep track...** Record your deposits and withdrawals. Knowing how much money is in your account can help avoid overdraft and return item fees. Sign up for **CU-Online**, you'll have all your current account information right at your fingertips!
-  **Use our ATMS!** We allow free unlimited ATM transactions at machines we own. This will save you the \$1.00 Foreign ATM fee plus the often-pricey surcharge the owner of the ATM may impose!
 -  **sfcu** also participates in the *CO-OP Surcharge Free ATM network*. **The advantage to you?** You can use your **sfcu** card at a CO-OP ATM and not be charged that annoying surcharge! Our low Foreign ATM fee will still apply because it's not owned by **sfcu**, but the savings will be worth it! Visit www.sfcuonline.org and use the [CO-OP ATM Locator](#) to find a surcharge free ATM near you.
-  **Apply for Business Overdraft Protection ...** An overdraft line of credit product that can be used to help protect you when an error is made in your checking account or advance yourself a loan without a ding to your credit report!
